Ep.7: Small World Belief vs. Vast World God Created

I invite you to take a closer look at what it means to have a personal relationship with Jesus. Answer the following questions for yourself only or discuss them with friends and family.

Pastor Clint Schnekloth of the Good Shepherd Lutheran Church in Fayetteville, Arkansas, describes some Christian congregations as, "Churches in the way of Jesus." Describe the two different meanings that are suggested in his statement.

Describe a belief you once held about yourself or other people that you now know is not true. Explain the process of how you came to the truth that dispelled your previously held belief.

Describe the vision you have of God. Include an explanation of whether your vision is one that was created for you by a pastor or family tradition, or if you came to your own understanding as a result of independent soul-searching.
